- If you are new to our festival, you will start by building your profile. Here is the link to the registration page on the Grande Prairie & District Music Festival Association webpage. This page has links to tutorials on building your profile and registration - <https://gpmusicfestival.ca/home/registration>
- If you already have a profile, please review it and ensure all the information (including the people linked to your profile) is up to date
- **IMPORTANT!** Please ensure that the student profile and all profiles linked to the student have consented to the photo release and waiver. Without this consent the student will not be able to participate in the virtual festival.
- You are now ready to register. The GP&DMF is accepting registrations in all classes. It is up to the parent, teacher, accompanist and student to decide whether it is possible to prepare a video entry for any particular class while remaining in compliance with AHS Public Health Guidelines.
- There is a support function within your Music Festival Suite profile. Please feel free to use it for any technical assistance with the website.

As you begin to plan for the recording of your performance, the Grande Prairie & District Music Festival Association would like to encourage that all participate in the spirit of fair, friendly competition and good faith. Regular music festival rules and etiquette will be in effect where at all possible. The adjudicators will not be judging on the quality of audio or video recording or equipment. As always, please feel free to send your questions to [info@gpmusicfestival.ca](mailto:info@gpmusicfestival.ca). Thank you for your patience as we work together to plan in this new environment.
